## TESSA HANDLE

*Handcrafting*

### Streamline

The engines, the speed... In 1933 a car manufacturer created the first wind chamber to make his cars aerodynamic.

From that moment on everything changed and the streamline style was born. Our **Tessa** handle was born inspired by that movement.

### FINISHES

Satin Chrome

Matt Black lacquered

Polished Chrome

### DESCRIPTION

Handle made in **Zamak** with cutting-edge technologies in die-casting processes. Assembled on round rose.

*made  
in  
Italy*
